

ANNE KOLB NATURE CENTER

April 23 or 24, 2019

Check list

- **Permission Slip**
due April 15, 2019
- **Cost: \$25 CASH ONLY**
- **Lunch**
Bring a bagged lunch
- **Require Supplies**
Magnet shirt, school ID, closed-toe shoes, pen/pencil
- **Optional Supplies**
Hat, reusable water bottle, sun block, bug spray and raincoat

If the program is cancelled, students will resume regular curriculum. If programs cannot be rescheduled, then the school refund policy will be enforced. Due to planning, no refunds will be given due to student absences. Code of conduct rules and consequences will be enforced during these programs.

Site Visits are **MANDATORY!**

The trip to the Anne Kolb Nature Center has been planned especially for 10th Grade magnet Environmental Science classes.

The trip will be the first time magnet students fished at the Anne Kolb center. The activity encourages them to take a deeper look at the fisheries in their own back yard.

They will see many iconic Florida species and explore the museum.

The visit to Anne Kolb Nature Center also includes a boat tour that puts a light on the varied ecosystems of the South Florida coast. Students will learn as they travel with an interactive tour guide.

They will enter the eco room where personnel teaches them how to live more sustainably and how to inform their peers about how they can live more sustainably.

Students will attend a special presentation about the diverse flora and fauna in the Aquatic Ecosystems of South Florida.

Itinerary

8 am Check In
